

VDCG

MEDIA STUDIOS

Where Creativity Meets Digital Impact

Company Profile

Who We Are?

VDG Media Studios is a creative content creation and production company that tells raw and authentic life stories of individuals through our YouTube channel in the form of sports and podcasting. Through new partnerships, VDG Media Studios outreach is becoming global in scope. The company utilises audio/video technology to produce cost-efficient promotional, instructional and original video content for our audience.

Over the past couple of years VDG Media Studios has been providing content creation services to clients such as Botshabelo Digital Hub, Youth Bridge Trust, Botshabelo Masters League and Individuals. This has led to creating relationship that culminated into Corporate Videos and Content Marketing. By producing quality videos to our client's specifications and support for broadcasting their message, we are positioning ourselves to take over market share from our competitors and increase our revenue.

Mission

Our mission is to develop a relationship with our customers by providing uniquely tailored video production support and utilizing the increased gains in video production technology to fashion creative content.

Goals

Our company goals of providing distinct creative content will be accomplished by pursuing our mission statement on a daily basis. To become the preferred video content provider for our potential clients, we will:

1. Promote local content production and placement options for clients depending on their budget.
2. Constantly expand and revise our offerings, reflecting the desires and needs expressed by clients feedback.
3. Continuously seek new opportunities and gain market share to become a regional market leader.

Our Services

01 Videography

Our professional videography services are designed to capture and create high-quality, engaging videos that bring your brand's story to life. From concept development to final editing, we deliver visually compelling content tailored to your needs.

02 Content Marketing

When brand's storytelling becomes a necessity, not a luxury, when the traditional marketing production values meet the might of online advertising your brand becomes viral and VDG Media Studios is here to create impactful campaigns that boost your brand visibility, engage your target audience, and drive results. We craft tailored strategies to ensure your business stands out across digital and traditional platforms.

03 Films Documentaries

A product that is tailored to bring stories to life through compelling visuals and authentic storytelling. We specialize in creating impactful documentaries that capture real-life moments, highlights important narratives, and leave a lasting impression on the audience.

Workflow Plan

PLANNING PHASE 1

PRE-PRODUCTION

- Meet with clients to understand their videography, content marketing, or documentary creation needs.
- Develop project briefs and timelines
- For documentaries: Research topics, conduct interviews, and develop a compelling story.
- For content marketing: Develop a content strategy that aligns with brand goals.
- Create scripts, storyboarding, and short list for video content and documentaries.
- Plan locations, talent, equipment and logistics for shoots.

- Execute video shoots for videography and documentary projects, ensuring high-quality content.
- Manage talent, crew and equipment during the production phase.
- Ensure regular communication with clients to ensure that the projects aligns with their vision.

PRODUCTION

FILMING PHASE 2

EDITING PHASE 3

POST-PRODUCTION

- Video editors assemble raw footage, add sound, music and visual effects.
- Provide draft for client reviews and incorporate feedback.
- Finalize videos in required formats and distribute them through appropriate channels.
- For film documentaries, explore avenues for distribution (film festivals, online streaming or corporate screenings).

'Position the company as a premium provider of creative video production content marketing services'.
